The Honorable Mike Pompeo
107 Cannon House Office Building
Washington, DC 20515

Dear Congressman Pompeo:

On behalf of more than seven million senior citizen activists, 60 Plus Association thanks you for working to protect America's seniors with your sponsorship of H.R. 161, The 'Natural Gas Pipeline Permitting Reform Act'. This critical piece of legislation is absolutely in the best interest of our nation's seniors who continue to suffer the consequences of the high price of energy.

With your leadership this legislation will help to enable Americans to have access to affordable and reliable energy. Your efforts to modernize the development of the nation's vast natural gas supply production could also help to meet the demand for infrastructure development of interstate pipelines to help guarantee our access to diverse sources of low-cost energy.

We sincerely appreciate your efforts to take a stand on the soaring cost to heat our homes. We stand with you and by supporting your legislation we take steps to improve and ensure energy security for all of us.

Sincerely,

James L. Martin
Chairman
